

# ROADMAP

## Pre-Launch Preparation

### Phase 1

Develop and test the Voodoo smart contract on the PulseChain network. Conduct thorough security audits to ensure the smart contract's safety and reliability. Create a user-friendly website and social media channels to build awareness and engage with the community. Implement a token distribution plan, including allocations for initial liquidity, community rewards, and airdrops.

Launch the Voodoo token on the PulseChain network through a fair and transparent distribution mechanism. Initiate liquidity provision on decentralized exchanges (DEXs) to facilitate token trading. Introduce the staking feature, allowing users to stake their Voodoo tokens and start earning rewards. Conduct the first airdrop to the initial holders, aiming to reach the milestone of 1,000 holders.

## Token Launch and Initial Staking

### Phase 2

## Magic Reward Token Burn and Rarity Creation

### Phase 3

Implement the burn mechanism for the Magic Reward Tokens. Encourage token holders to engage in regular transfers to increase the burning of Magic Reward Tokens. Communicate the rarity aspect to the community, emphasizing the potential increase in the Magic Reward Token's value over time. Conduct additional airdrops to attract new holders and achieve the milestone of 5,000 holders.

Introduce the Poison Reward Token and its associated transaction fee sharing mechanism. Enable users to stake Poison Reward Tokens alongside Voodoo tokens to earn additional rewards. Highlight the dual rewards aspect of staking Poison Reward Tokens, emphasizing the boost in earnings from transaction fee sharing. Conduct further airdrops to expand the community and reach the milestone of 10,000 holders.

## Poison Reward Token and Transaction Fee Sharing

### Phase 4

## Community Engagement and Expansion

### Phase 5

Foster an active and supportive community through regular communication, updates, and engagement on social media platforms. Organize contests, giveaways, or events specifically targeting new and existing holders to increase participation. Explore strategic partnerships with other projects or influencers to enhance the visibility and reach of Voodoo. Conduct additional airdrops to attract more holders and strive to achieve the milestone of 100,000 holders.
